

# Daewoo<sup>®</sup> Vacuum Cleaner produced by Daewoo<sup>®</sup>

## Nanomaterial description

1. Material source or producer: Not reported
2. Manufacturing process: Not reported
3. Appearance: Not reported
4. Chemical composition: Ag
5. Physical form/shape: Not reported
6. Purity: Not reported
7. Size distribution: Not reported
8. Solubility: Not reported
9. State of aggregation or agglomeration: Not reported
10. CAS number (if applicable): Not reported

## Product description

Vacuum cleaner. Information about the location of the nanoelement in the product is not available.

## Applications

## APPENDIX 1: NanoRiskCat●●●|◆◆ Template

### Exposure potential for professional end-users

Given that the location of the nanoelement of the product is unknown, we concluded that the overall **Exposure potential for professional end-users is** •

### Consumer exposure potential

Given that the location of the nanoelement of the product is unknown, we concluded that the overall **Exposure potential for consumer is** •

### Environmental exposure potential

Given that the location of the nanoelement of the product is unknown, we concluded that the overall **Environmental exposure potential is** •
