

## Matzuo NANO MINNOW fish bait

### Nanomaterial description

1. Material source or producer: Not reported
2. Manufacturing process: Not reported
3. Appearance: Not reported
4. Chemical composition: Not reported
5. Physical form/shape: Not reported
6. Purity: Not reported
7. Size distribution: Not reported
8. Solubility: Not reported
9. State of aggregation or agglomeration: Not reported
10. CAS number (if applicable): Not reported

### Product description

Information about the nanomaterials used in the product is not available just as information about the location of the nanoelement in the product is also not available.

### Applications

## Exposure potential for professional end-users

Given that the location of the nanoelement of the product is unknown, we concluded that the overall Exposure potential for professional end-users is •

## Consumer exposure potential

Given that the location of the nanoelement of the product is unknown, we concluded that the overall Exposure potential for consumer is •

## Environmental exposure potential

Given that the location of the nanoelement of the product is unknown, we concluded that the overall Environmental exposure potential is •
